

Are you looking for the next step in your career?

Sadly, one of our senior vets is retiring and we are looking for an experienced vet to be part of our team. We are an independent 8-vet, small animal veterinary hospital located in the city of Lincoln. Our vets are supported by a passionate team of RVN's, receptionists, SVN's and kennel assistants. We strive to give our clients the best service we can whilst ensuring we have a happy and fulfilled team- a sense of humour helps to work here .

We have a purpose built, well equipped premises that allows us to support our high and varied caseload. We encourage and support CPD- Carolyn already holds her Cert SAS, Susana has her GP Emergency Medicine and Critical Care and is now doing her Advanced Practitioner in Emergency Medicine and Critical Care and our newest recruit Hannah is about to embark on her GP in Exotics.

Our full-time vets work a 4 day week plus a share of Saturday mornings. We use Vets Now for general OOH so our rota is <one night per week and a one in 6 or 7 weekends on call for inpatients only.

A generous package awaits the right candidate (including BUPA healthcare, pension, income protection and RCVS/BVA fees paid.) Any of our vets would be happy to talk about the job to any potential candidates.

As a city, Lincoln has so much to offer and our close proximity to the Wolds allows the best of both worlds.

In the first instance please call Katy on 01522 800333 (Monday- Friday) or e mail your CV and a covering letter to vethosp@tiscali.co.uk
